

# Introduction

BC Housing is working toward creating more successful tenancies for vulnerable populations by providing a range of programs, engaging the right partners and providing the right kind of supports.

# Partnership Model

# The Homelessness Housing Continuum

# Outreach with Rent Supplements

- Primary target street homeless
- Scattered private market rentals
- Rental supplement plus one-time costs
- Supports provided through outreach staff
- Partnerships with non-profit housing providers and health authorities

# Homeless Prevention Program

- Rent supplements & Homeless Outreach workers providing supports
- Partnerships with Non-Profit providers; regional health authorities & provincial corrections
- Provincial Budget \$12.5 million
- Target: 1,500 rent supplements/month

# Homeless Prevention Program

Targeted to populations at-risk of homelessness:

- Women who have experienced violence or are at-risk of violence
- Youth transitioning out of foster care or at-risk
- People leaving the correctional and healthcare systems
- Individuals of Aboriginal descent
