First Pilot Month vs. Most Recent Month

Safety Toolkit

Encampment Safety

Human Trafficking:

- Human trafficking or any illegal associated activity is not tolerated. Any evidence of human trafficking observed within the encampment, will be reported.

Violence/threats:

- Intimidation, physical violence, or threats of physical violence towards neighboring tents, community residents, or staff providing services will not be tolerated.

Weapons:

- Brandishing weapons or firearms towards other neighboring tents, community residents, or staff providing services will not be tolerated.

Pets:

- Pets must be on a leash when outside a tent/structure.
- A muzzle is required if the pet is known to be violent.

Fires:

- No open fires or combustibles are permitted in camps.

Cleanliness:

- No used, uncapped needles in or around the site. Sharps containers must be used for disposal.
- No large amounts of garbage, food remains or evidence of hoarding.

Underage individuals:

- No minors (under 16) are to be permitted to reside in the encampment. If minors are observed residing in the camp, they are to be reported to CAS.

Camp Capacity:

- No more than six tents and/or structures regardless of occupants in the camp.

Location of Camp:

- Tents cannot be located near a playground, pathway, open area of play, or on a flood plain, river embankments, roadways, private property, side walks or bus shelters.

Safety Toolkit

Encampments proactively enforced:

TAP: Trespass Authorization Program

- Program designed to support private property owners
- Gives authority for CIR and LPS to enforce TPA (Trespass to Property Act) and support individuals to leave site
- Authorization must be received in writing
- CIR sticker is placed on property as an identifier
- If a complaint is received regarding homelessness on the property (from owner or community) CIR will respond
- CIR will make every effort for individual(s) to take everything with them when exiting property

Community Impact
